## GENERAL USER QUICKSTART GUIDE

### Login instructions

AAMI Array provides access to the content you receive as a member benefit, as well as previously purchased items and eSubscription publications.

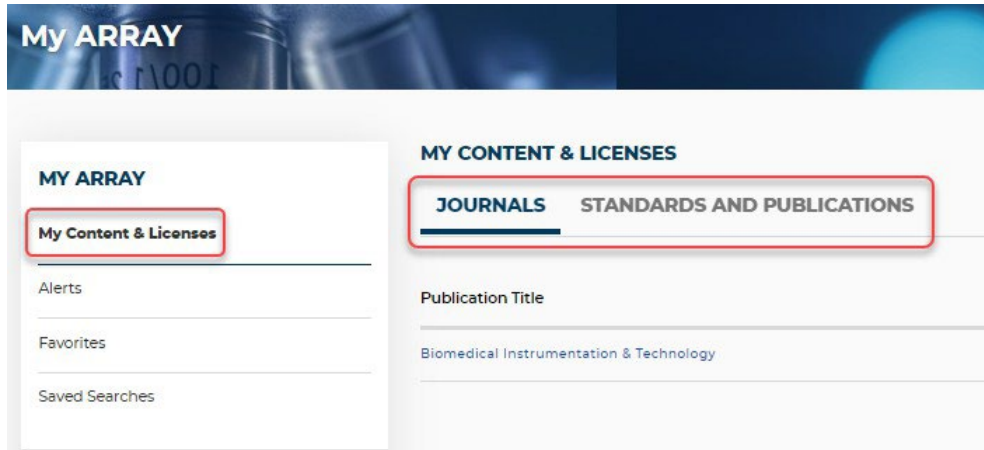

1. Click on the icon at the top of the screen to reveal your login options. For individuals and institutional users with Named User access, select the Login | Register option and enter your usual aami.org credentials. **You will also use the Login | Register option to access My ARRAY, described below.**

Content is categorized as either journal content or standards and publications, which include technical information reports, consensus reports, books, and specialty publications.

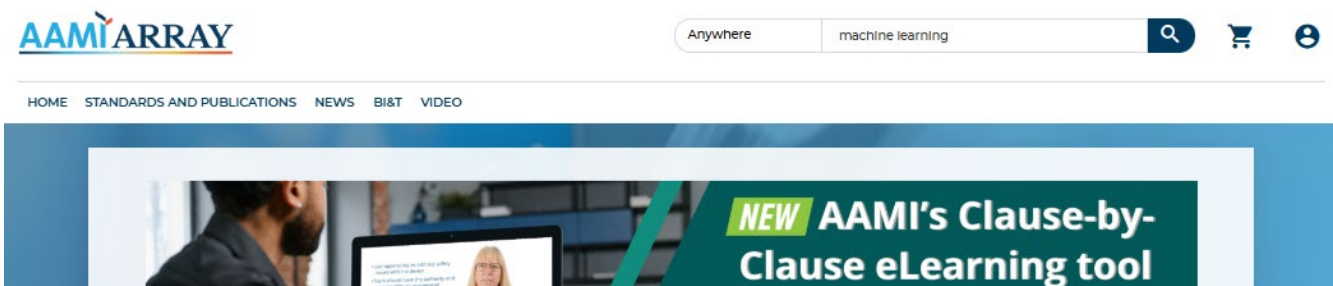

**Important: If you are trying to access an institutional eSubscription through named user access, you must first be invited by your account administrator. Contact [array@aami.org](mailto:array@aami.org) with questions.**
